DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents**Non-Responsive Amendment (Bonafide)**

The reply dated 3/30/2007 is not fully responsive to the prior Office action because of the following omission(s) or matter(s):

Applicants stated that all of the claims read on the elected species/invention in their 3/20/07 Response. However, this appears to be in error. The amendment filed on 12/11/06 canceling all claims drawn to the elected invention (i.e., Group IV drawn to a library of proteins) and presenting only claims drawn to a non-elected invention (i.e., Group III drawn to the currently claimed "genetic packages") is non-responsive (MPEP § 821.03). Thus, all pending claims (i.e., 227-248) are drawn to the non-elected Group III invention because all of the claims are drawn to "genetic packages" as set forth in Group III (e.g., see 2/28/05 Restriction, page 2, paragraph 1).

Since the above-mentioned reply appears to be bona fide, applicant is given ONE(1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**
